LOCATION AND CLIMATE

GEOGRAPHICAL LOCATION

The municipality of Calamba is geographically positioned in the Northern part of the Misamis Occidental Province. It has a grid of approximately 8° 31'58" North Latitude and 123°39'03" East Longitude along the National Highway from the cities of Ozamis to Oroquieta to Dipolog of Zamboanga del Norte.

Calamba is situated at the center of five municipalities. From its actual location, municipality of Baliangao is found on the North, municipality of Concepcion on the South, municipality of Plaridel on North East, municipality of Lopez Jaena on the South East and lastly municipality of Sapang Dalaga on the West.

CLIMATE

Rainfalls and typhoons are the climatological elements that mainly affect community's any agricultural related productions.

Without pronounced dry and wet season, Calamba's climate belongs to the fourth grade. This type is characterized as moist, with an average rainfall of 2,278.7mm throughout the year. The driest months in the society starts on February to April. The wettest period falls during May to December (eight-month period) where 40% of the total rainfall falls in October to December.

SOIL TYPE

Castilla clay loam and guimbaloan clay loam are the two soil types present in the municipality.

BRIEF HISTORY OF CALAMBA

"**Solinog**" was Calamba's original name which was based on a deep bankrill located at the eastern portion of the poblacion where Langaran River flows. After years passed by, the Municipal Council of Plaridel changed its name to **CALAMBA** after the Filipino Patriot's birthplace. Calamba was just a small barrio of the Municipality of Plaridel but because it grew so fast, it was separated from the municipality.

Calamba was declared independent on **February 1, 1948 under Executive Order No. 85 series of 1947** by the late President of the Philippines, His Excellency Manuel A. Roxas. After a year, it was inaugurated into a municipality on **February 14, 1948**.

During the earliest times, the "**Subanos**" were the local individuals of the Municipality of Calamba. They had practice of clearing certain areas one after the other. Those cleared areas were later abandoned and easily replaced by new settlers coming from Visayas and some other parts of Mindanao.

FOCUSING CALAMBA

GAMP'YA PAGDATANG! This are the words you can first notice upon arrival in our municipal hall. They are in Subanen dialect which mean **“Maayong Pag-abot”**.

The municipality is headed by our passionate Mayor Engr. Ezel T. Villanueva together with her Sangguniang Bayan Members headed by Hon. Vice Mayor Antonio N. Lawas, Sr., active head of offices and staff.

Calamba is the strategic point of trade and commerce of the five municipalities namely: Plaridel, Lopez Jaena, Baliangao, Sapang Dalaga and Concepcion. The municipality has much to offer to our beloved Calambahanons and neighboring community people. Being one of the fast growing municipalities in Misamis Occidental, Calamba has well-developed facilities and services for communication, transportation, power resources and infrastructures.

Some of Calamba's major projects are its municipal hall and gymnasium. The energy efficient municipal hall building is being enjoyed not just by the LGU employees but also by the Calambahanons. Local and some provincial events and gatherings are held in its atrium. Gymnasium is now on its last stage of construction.

FOCUSING CALAMBA

Calamba is working now on its new Calamba Memorial Park of Life, a cemetery located in Brgy. DBAN. This is to give the departed ones more space to rest since almost cemeteries in the municipality are congested.

Talking about foods, Calambahanons are in. Restaurants and coffee shops are born nowadays offering mouthwatering recipes. Every Sundays, Calamba offer fresh seafoods from neighboring municipalities. Also, online selling is a trend. Many individuals are offering their foods and products online and deliver it in front of your doorsteps.

As one of the province's main agricultural area and has a continuous increase of farm production, Calamba, can supply the province's domestic needs. As recorded, it has an abundant supply of coconut. Root crops, vegetables and other production are not limited in a backyard scale giving priority response to the economic condition of farmers.

As Calamba's population increases, number of buildings, establishments and households increase. This is a proof that Calamba is now on its way to becoming a more renowned municipality when it comes to different aspects and sectors in the province of Misamis Occidental.

POLITICAL DEVELOPMENT

The Municipality of Calamba, Misamis Occidental was created on February 1, 1948 and was inaugurated on February 14, 1948, the following was then elected:

Hon. Ireneo Clapano	Mun. Mayor	1948-1949
Hon. Angelo Neri	Mun. Mayor	1949-1953

EVENTS WORTH TO COMMEMORATE

Calamba's barangay, Southwestern Poblacion, celebrates **SINULOG FESTIVAL** annually (every second week of the month of January) in honor of **Senior Santo Niño**. During this momentous event, barangay officials together with parishioners, devotees, participants, guests and neighboring localities join forces in honoring the Patron Saint. Individuals wear varicolored attires and with them are small statues of the Saint while dancing to the beat of instruments.

Calambahanons celebrate the Araw ng Calamba every 14th of February. In connection, an annual festival is being held called **MENAJAK FESTIVAL**. The word **Menajak** is a Subanen word that means **LOVE**. The festival features various presentations including streets and ritual dances showing the culture and tradition of the Subanen Tribes in the municipality. Dances are participated by college and highschool students of Calamba where they wear colorful costumes and dance to the rhythm of the Agong and drums. Also, the main highlight of this event is the search for **Menajak Festival Queen**.

EVENTS WORTH TO COMMEMORATE

Furthermore, during the 1st half of February, other activities are done everyday. This activities are Employees Night, Educator's Night and Drum Corp Exhibition, Mob Dance, Hip-hop Dance and Singing Competition of elementary, high school and college students in the community.

EVENTS WORTH TO COMMEMORATE

FEAST OF PATRON SAINT ISIDORE is an annual celebration held every 15th day of May. Calambanons give honor and devotion to our Patron Saint Isidore for blessing the locals a good harvest of crops and animals. During this time, schools are having their homecoming activities, individuals from afar are coming home to visit their family, relatives and friends. As May 15 approaches, activities are conducted during night to bring more color to the celebration. The most awaited event during the whole celebration is the search for **Ms. Calamba Tourism**, a beauty competition with a cause. This is carried out to show the youth's power and involvement in the society by promoting Calamba's best tourist attractions.

ECONOMIC SECTOR

INDUSTRIES AND MANUFACTURING BUSINESS

In the Northern part of the province of Misamis Occidental, Calamba is considered as the center of trade and commerce.

According to Treasurer's Office, as per records in 2019, there are **859** registered business establishments in the municipality. Some of them are lending institutions, pawnshops, cooperatives, gasoline stations, drug stores other merchandising establishments.

In the municipality, micro-industries are present in the poblacion barangays. Solar driers, rice and corn mills, machine and welding shops, tailoring shops, furniture wood craving shops auto repair shops, hollow blocks making, bang-saw stations are some of them.

MAIN SOURCE OF LIVELIHOOD

A. AGRICULTURE

1. Crops

Calamba's land area is 11,254.429 hectares. It's total agricultural land area is 7,966.0 hectares and is 70.78% of the overall total area. Coconut, rice, corn and high value commercial crops such as fruit trees, vegetables, industrial crops and root crops are the existing major crops in the community.

ECONOMIC SECTOR

2. Livestock and Poultry

Livestock and poultry (carabao, cattle, horses, goat, duck and chicken) mostly belong to backyard classification. Swine in Calamba levelled up to commercial production classification since there is a total of seven (7) piggery sites within the locality.

3. Fisheries and Aquaculture

As landlocked municipality, inland fishery has minimal area of production on fresh water tilapia for home consumption and local market only. It has an approximated volume of production of 16,000 kgs more or less.

B. FORESTRY

Barangay Siloy, Mamalad, Singalat, San Isidro and Libertad are the leading barangays when it comes to timber production having a total land area of 1,430.56 hectares. The municipality has a total of 79.67 hectares as NIPAS area within the buffer zone barangays.

- Assessment on the existing situation of the forest production sector:
Areas of timber production plantations are also existed along the watersheds areas and the riverbanks of Langaran and Dioyo rivers. Plantation timber production trees include mahogany, gmelina, falcate other forest trees and the like.
- Existing economic activities of production forest:
The existing economic activities within the production forest include farming and agri-related activities, forest and agro-forest plantations, inland fishpond farming, livestock and poultry production and eco-tourism.

AGRICULTURAL AND FOREST

SUPPORT PROGRAM AND TECHNICAL ASSISTANCE

There are existing agricultural programs and projects extended to farmers which include seeds and seedlings distribution, post-harvest facilities, organic fertilizer production, livestock dispersal, irrigation facilities, and farm to market roads from the Department of Agriculture and coconut fertilization under the Philippine Coconut Authority. The Locality is extending agricultural production technology assistance and cash counterpart to the said projects.

TOURISM

One of nature's gifts that the Calamba received is a waterfall located in Barangay San Isidro, 8.4 kilometers away from the heart of the municipality. Reached through hiking from the access road with a 360 steps going down to the bottom of the falls. It has a unique and concealed beauty with a crystal clear water that glitters like bits of diamonds as it falls from the above offering a bounty of enjoyment and excitement. The flowing water gives cool feelings that refreshes the mind.

SAN ISIDRO WATERFALLS

LUMBAYAO CENTURY OLD TREE

Aside from the waterfalls, a Lumbayao Century Old Tree is also found in the same barangay, San Isidro. This tree grows into an incredible size and stands with its strong and magnificent look throughout the years. With its extended branches and green healthy leaves, passersby are shaded. For the barangay folks, Lumbayao tree is historical and legendary. In connection, the local government of Calamba together with the DENR, protect and preserve the tree.

SILOY MAN MADE LAKE

This man made lake is located at barangay Siloy of this municipality. It is 10.5 kilometers away from the municipal proper. Its beauty, majesty and simplicity turn tourists inside out and love the place even more. The destination offers pedal boating, fishing and kayaking to the guests as well as cottages for picnics and relaxation. Also, this place is best suited for personal and spiritual reflections.

POSTAL SERVICES

The Philippine Postal Corporation Office is located at the ground floor area of the Municipal Building of Calamba. It is one of the common and old means of communication.

POWER

100% of the barangays of the municipality of Calamba are energized by the Misamis Occidental Electric Cooperative Inc.-I (MOELCI-I). Still, there are minimal number of households using kerosene as their source of light.

WATER

WATER

Calamba's current water supply situations have significantly improved over the years. 8 out of 19 barangays are covered with the LGU-Calamba Water System (LGU-CWS) Level III. These barangays are:

- | | |
|-------------------------|---------------------------|
| 1. Bunawan | 6. Northern Poblacion |
| 2. Calaran | 7. Solinog |
| 3. Langub | 8. Southwestern Poblacion |
| 4. Magcamiguing | |
| 5. Don Bernardo A. Neri | |

INFRASTRUCTURE SECTOR

Thus, **64%** of the households in the municipality are in **Level III**.

The remaining 11 barangays are operated by owned Rural Water System. Others also derived their water supply from the undeveloped springs, deep wells, dug wells, shallow wells and others. In Calamba, **17%** of the total number of households are in **Level - II** and **20%** are in **Level - I**.

LGU Calamba Water System Performance Report As of October 2020

Number of Water Consumers	= 3, 736
Water Production Average per Month (cu.m.)	= 85, 000 cu.m.
Water Consumption Average per Month (cu.m.)	= 48, 900 cu.m.
Water Collection Average per Month	= P1, 290,000.00
Water Sales Ave. per Month	= P1, 495, 000.00
Non-Revenue Water (NRW) Collection Performance	= 42% = 86% (DUE TO COVID-19)

ENVIRONMENTAL SECTOR

SOLID WASTE FACILITY

Aiming to implement the **Ecological Solid Waste Management, pursuant to Republic Act No. 9003**. A **Waste Characteristic Survey (WACS)** conducted by the WACS Team to determine the volume of garbage generated daily.

Barangays Involved:

- | | |
|---------------------------|----------------|
| 1. Southwestern Poblacion | 4. Solinog |
| 2. Northern Poblacion | 5. Langub |
| 3. Don Bernardo A. Neri | 6 Magcamiguing |

The garbage collected from the mentioned barangays are brought to **Residual Containment Area (RCA)**. For the remaining 13 barangays, **Barangay Solid Waste Management Committee** should lead the waste segregation by having a **Barangay Material Recovery Facility**.

GARBAGE COLLECTION

Garbage collection is scheduled everyday.

Personnel Assigned:

Equipments used:

- | | |
|---|-----------------------|
| 1 - Garbage Compactor | 2 - Casual Employees |
| 1 - Mini Dump Truck
(for garbage collection) | 2 - Job Orders |
| 1 - Back Hoe | 6 - Regular Employees |

Schedule of Garbage Collection in Poblacion:

- | | |
|----------------|----------------------------|
| Every Tuesday | - Biodegradable Wastes |
| Every Thursday | - Non-Biodegradable Wastes |

ENVIRONMENTAL MANAGEMENT

The **Local Government Unit of Calamba** together with **Department of Environment and Natural Resources** made some interventions and implement several projects and programs to address environmental degradation. With the clean and green program, the municipality keeps its environment clean and green.

Among households in hinter barangays, garbage disposal practices vary. Some are burning them and dumping in the pit. In poblacion barangays, garbage are collected by garbage truck and some of their biodegradable wastes are fed to animals.

17	Solinog	Rare	<ul style="list-style-type: none"> • Several houses along Langaran River were washed out and livestock drowned in Puroks 1 and 4 during Typhoon Titang on Oct. 1970. • Flash floods with high turbidity are rare.
18	South-western Poblacion	None	<ul style="list-style-type: none"> • Overflow of spillway along South-western - Magcamiguing road affected 1 house in January 2017.
19	Sulipat	Common	<ul style="list-style-type: none"> • Napisik Creek in Purok 6 floods during heavy rains. Flood waters reach the level of bridge during floods. • 1 house was washed out during a flooding event in the 1970s. • Several houses are situated along Napisik Creek. • Flash flood reached 3 meters high at Napisik Bridge in January 2017.

ENVIRONMENTAL SECTOR

BARANGAY LANDSLIDE ASSESSMENT

The field assessment focused on both the landslide and flood susceptibilities of the barangays. In terms of landslide susceptibility, each barangay was rated low, moderate or high. The rating parameters are as follows:

High

- Presence of active and/or recent landslides
- Presence of numerous and large tension cracks
- Areas with drainages that are prone to debris damming
- Areas with numerous old landslides/escarpments
- Steep slopes
- Presence of weak/rock slope materials
- Structures (joints, beds) dipping towards the slope face
- Nearness to faults

Moderate

- Areas with indicative and/or old landslides
- Presence of small tension cracks
- Moderate slopes

Low

- Low to gently sloping No evidence of mass movement
- No evidence of mass movement

The barangays were presented with a **Landslide Threat Advisory**, when appropriate. The Advisory informs the barangays of their susceptibility to landslides and contains the corresponding recommendations particular to the barangay. In terms of flood susceptibility, the barangays were defined in terms of the depth and frequency of flooding. The result of the MGB Rapid Field Assessment is as follows:

1. Barangay Singalat has moderate to high landslide susceptibility.
2. Barangays Libertad, Mamalad and Siloy have moderate landslide susceptibility as well as parts of Barangay Singalat.
3. Barangays Bonifacio has low to moderate landslide susceptibility as well as parts of Barangay Siloy.
4. The rest of the barangays have none to low landslide susceptibility.

VISION

Municipality of Calamba is a strategic center of commercial and agri-based trading in Northern part of Misamis Occidental with empowered God-loving and well-disciplined people living in a healthy, drug-free, peaceful and disaster-resilient community with a developed eco-tourism and a well-balanced ecosystem governed by dynamic, decent and pro-active public servants.

MISSION

The Municipality of Calamba is committed to improve the quality of life of Calambahanon by:

1. Developing a progressive and highly competitive business opportunities;
2. Ensuring safety thru disaster resilient infrastructures in a well-planned built environment;
3. Improving public health and other accessible social services;
4. Ensuring a safe, sound and environment friendly community; and
5. Pursuing sustainable growth and development thru competent public servants.

With active participation of CSOs, NGOs, POS and private sectors and the empowered constituents of the community.

SECTORAL GOALS

1. ECONOMIC SECTOR

Competiveness business atmosphere for a progressive and stable economy through agri-based products and eco-tourism development.

2. ENVIRONMENTAL DEVELOPMENT SECTOR

A well-planned and develop urban community where land and water resources are sustained.

3. SOCIO-CULTURAL SECTOR

To alleviate the living condition of the most disadvantaged/depressed constituents, thru access in enabling services and empowering people to become climate resilient community thru improved the quality of life of the people.

4. LOCAL GOVERNANCE AND FISCAL ADMINISTRATION

Deliver basic community services ready to ready to accept challenges, changes and response adequacy preparedness.

5. INFRASTRUCTURE DEVELOPMENT SECTOR

Life sustaining development thru a disaster proof infrastructure facilities and utilities.

CALAMBA MARCH

Words and Music by: **Milagros J. Saceda**

'Tis the beauty o'er the hill top,
Midst the tall and willow palms
Sinks the sun in golden light and glory,
Land of all my love shall be
Deck'd with shim'ring and pure, white petals,
What wealth to me the balm had brought,
Heavenly blessing without cost;
Gently show'ring on the host
Swiftly down the valleys green;
Piping songs of gladness clear;
Golden Orioles Hatcher's plain
Bringing good will and good cheer,
Oh, Calamba dear fatherland!
Thy glory ever stands

REFRAIN:

Thou oh precious, hollow'd name
Where beats the brave hearts warm
Yonder stands a sturdy grove,
'Neath a crest in heaven above
Bids us all to stand up right
Heed the Lord's call to unite!
Mahogany, Calachuchi, Golden Orioles
Bathe a fresh in show'ring rain!
Sweet Calamba dear fatherland
Thy Glory ever Stands
